## THE COVER

**BOO BASH - 2018**

**T**he annual Boo Bash is right around the corner on October 26 from 4-7 p.m. and we're all excited for all the haunts and chills! The Shaw Lanes Bowling Center parking lot will be filled with squadrons, individuals, and local businesses looking to share their games and, of course, candy with everyone! The many vehicles will be decorated for kids to visit for the Trunk-or-Treat. If you'd like to hand out candy and decorate a vehicle, please call Youth Programs at 895-1779.

Get your best costume ready for the always popular costume contest. You could win fantastic prizes to your favorite FSS facilities!

Once you've gotten your bags filled with candy, there are plenty of games for the kids (and the young at heart!) to play. Everything from ring toss, to candy fishing, to pumpkin bowling! Games not your kid's thing? Head to the bouncy houses for a hoppin' good time!

Boo Bash is a safe alternative to traditional trick or treating. But if your children do go out on Halloween, please remember to inspect all candy and discard any with opened or damaged wrappers. Parents should remind their children not to get in cars or talk to strangers, look both ways before crossing streets, and to avoid houses that have dogs in a fenced yard.

Have a ghoulishly great Halloween!

## NOTES FROM CC

Dear Weasel Nation,

I would like to personally thank the Hebert family for all their support as I took over as Commander of THE #bestFSSintheUSAF! Darryl, Chancie, Jagger, Gavyn, Ethun, and Grace, thank you so much for your hospitality, generosity and continued friendship. Maj. Hebert has had a tremendous impact on me, this squadron, and the base; your leadership will be missed.

My family and I are thrilled to be here at Shaw supporting the mission of the 20 FW and leading such a dedicated group of professional Airmen; I could not have asked for a better assignment. We look forward to serving all of you and will continue our pursuit in offering the best morale and welfare for our Airmen and of course... Generating Smiles!

Lead on!

# P IS FOR PRESSURE

We continue our series discussing techniques for implementing the 4 P's principle: placement, position, pressure and practice. Too tight of a grip and you will struggle to generate speed in your swing, too light and the ability to control the clubface may be compromised. When identifying the correct grip pressure, I suggest using the number scale. Start by gripping the club as tight as you can, this will be a ten, and then halve the pressure to a five. This will be a suitable pressure for most shots, tight enough the club won't fall out of your hands and the forearms are gently flexed.

# BREAK INTO THE FEDERAL WORKFORCE WITH NAF

By Tina Sims, Military.com

**W**hile federal hiring is often slow and sometimes even frozen because of budget constraints, there is one source of federal hiring that remains quite consistent-- NAF employment.

Non-appropriated funds (NAF) employment is considered federal employment. However, it is different from federal civil service employment due to the source of money for salaries. Civil service positions are paid for by money appropriated by Congress. NAF money, on the other hand, is self-generated by day care facilities, bowling centers, golf courses, and other activities that use NAF employees, including most FSS facilities!

There are two types of NAF positions: "flexible" and "regular." Flexible employees have work schedules that depend on the needs of the activity. Flexible employees may work a minimum of zero hours to a maximum of 40 hours per week. In contrast, regular employees work between 20 and 40 hours a week, depending on position requirements.

Employees with flexible NAF positions are eligible for the following benefits and compensation: Overtime pay, shift differential, awards,

workers' compensation, and unemployment compensation. To understand more about the differences in flex and regular benefits, please check in at the NAF Human Resources offices. They can help find the right fit for you.

There are a wide variety of Force Support Squadron (FSS) facilities that utilize NAF positions. The CDC is one of the largest NAF hiring centers with many of the workers utilizing the flexible positions while working on furthering their education or as a stepping stone to a regular position. Some of the other facilities that offer both flexible and regular positions include:

- Shaw Lanes Bowling Center
- Information, Tickets, & Travel
- Wateree Recreation Area
- Carolina Lakes Golf Course
- Arts & Crafts Center
- Fitness Center
- Youth Center
- Outdoor Recreations
- Carolina Skies Club
- Other FSS Restaurants
- Administrative and support offices

Working at one of these programs can provide valuable experience and opportunities for advancement not only within the FSS but for federal civil service. Most of the higher management and oversight positions require experience in one or more of these activities. In many cases, individuals who have become GS-12s and 13s leading MWR operations started out as flex employees.

One last benefit of applying for a NAF position with FSS is that the hiring process is usually much faster than non-NAF, or appropriated fund (AF) positions. Check with the 20th FSS NAF Human Resources office or visit [www.nafjobs.org](http://www.nafjobs.org) to explore what current positions are available now. Call (803) 895-1574 to speak with a NAF HR representative
