SKEET & TRAP

Shaw's Skeet & Trap range has four skeet ranges, two trap ranges, one five stand range, and two archery lanes. The range is a member of the Amateur Trapshooting Association. Ammunition is available for purchase by customers as well as club guns for rent, and a small clubhouse with a variety of beverages.

Bustin' Clays at the Range

November 14 | 9 a.m. - 4 p.m. | FREE for R4R eligible

Shoot some clays and enjoy a day at the Shaw Skeet & Trap Range. We will provide everything you need to include expert instruction by our range staff. If you have never shot, or just want to knock the dust off, come and spend the day at the range. You will receive personalized hands on safety and shooting instructions, a shell pouch, up to 4 Boxes of Shotgun shells, 4 rounds of clays, a shotgun, and hearing & eye protection. You may also bring your own firearm and shells if you want to. You may shoot either Skeet, Trap or 5 Stand. Please reserve your time no later than November 13.

Buck & Boar Hog Hunt

November 15 | Depart 2 p.m. | \$25 eligible R4R

Head out to the woods to bring home the bacon with ODR on November 15. All hunters must bring their own supplies including food, sleeping accommodations, firearm, and ammo. All hunters must zero their firearm before being allowed to attend. Processing available for an added cost. If you bag a boar over 50 lbs., an additional \$2 per pound fee will be charged. Please call 895-0550 for more information including up to date pricing and registration. Register no later than November 13.

What is R4R? The Recharge for Resiliency initiative is directed specifically toward the Active Duty and Reserve members to include their families at each base. This means that retirees, civilians and foreign military are not eligible for R4R discounted rates. Other branches of the US military are not eligible unless they are part of an Air Force led joint-based scenario, or are permanently assigned to an Air Force base.

Winter camping is an exciting and fun experience, but without the right gear and equipment it can turn downright ugly. Make sure you've got everything you need from ODR. From sleeping bags, to chairs to stoves we can get you set up right. To avoid all those winter chills, check out our selection of camper rentals. We've got cozy 3 person pods for intimate getaways starting at just \$55 a day! Bringing the entire family? We've got 6 person models available starting at \$75 a day with enough room for everyone to enjoy! Call (803) 895-0450 to speak with an ODR representative today and reserve your camping adventure!

HyperBowling is the revolutionary new bowling-based attraction that is built to extend your reach beyond the existing bowling population. It is an amazing blend of software, mechanical design, electronics, lights and sensors – which together deliver a never before seen experience that takes bowling to the next level. And it's something everyone can get in on with lots of different ways to play and win!

HyperBowling delivers the perfect blend of bowling and gaming. It is the ideal way to tap into the huge potential audience not fully served by bowling today, like Gen Z and Millennials, and provides a great platform that everyone can enjoy so you can reach beyond your existing bowling base.

Four different ways to HyperBow!

HYPERBOWL

For everyone looking for fun and to get to know HyperBowling. Take aim at the colorful targets on the lanes that multiply your pinfall. It may look easy at first but watch out! Each level increases in difficulty.

HYPERBOWL PRO

For those looking for something more challenging and seriously engaging. HyperBowl Pro features more complex targets that move and change size, shot after shot. The greater level of difficulty makes this game ideal for people looking for more exciting competitions, competitive skilled players and league bowlers.

HYPERSTRATEGY

For groups, parties and other events looking for fun team competition. HyperStrategy is a strategic team game that is different every time. Each team uses their own strategy and skill to claim territory on the playing field. With every shot they paint the lane with their color and try to outplay their opponent!

HYPERACTIVE

Great for groups, kids and fun competitions. HyperActive is a wild and crazy game with fast changing colorful targets! The combination of both skill and a little luck make this game appropriate for all audiences. HyperActive also allows guests to become part of the on-screen animation by taking selfies right from the console.
