FAQs

Air University - Community College of the Air Force

<https://www.airuniversity.af.edu/Registrar/Frequently-Asked-Questions/>

How to Send Transcripts to Air University

If you need to send a transcript or prior academic documentation to Air University, please contact the school or institution from which you attended directly. Specific instructions for sending transcripts to vary based on the program and school within the university. We also accept transcripts through Parchment.

National Student Clearing House, <https://www.studentclearinghouse.org/>

Select Community College of The Air Force - Admissions/Registrar -

Request electronic transcript be sent to au.registrar.office@us.af.mil

(ONLY NATIONAL CLEARING HOUSE)

How long does it take to receive my transcript?

Transcript processing timelines vary depending on the type of request and record status. In most cases, you can expect to receive your transcript within 30 to 60 business days.

Requests that exceed 60 business days typically involve additional review.

Why does it take longer to receive a military transcript compared to civilian institutions?

Air University manages transcripts across multiple schools and military pipelines. These include professional military education (PME), operational training, and specialized programs that follow unique academic timelines. Each transcript undergoes thorough validation, which takes more time than typical civilian processing but ensures the accuracy and completeness of your academic record.
